

Glastonbury Thorn play area

Renovation of the local play area and surrounding open space. Increase the play value for a wider range of abilities targeted at younger children.

- Rub down and paint post and catcher - clear tarmac and apply line thermo markings
- Trim around ball area and remove brambles from thorn tree
- Existing multi-play, replace wood, rub down and paint
- Remove old post and rail and replace with metal estate fencing and metal bench
- Remove area with seesaw and springer - Install new seesaw -
- Remove single swing and replace with basket and flat seats for more inclusivity
- Install new roundabout

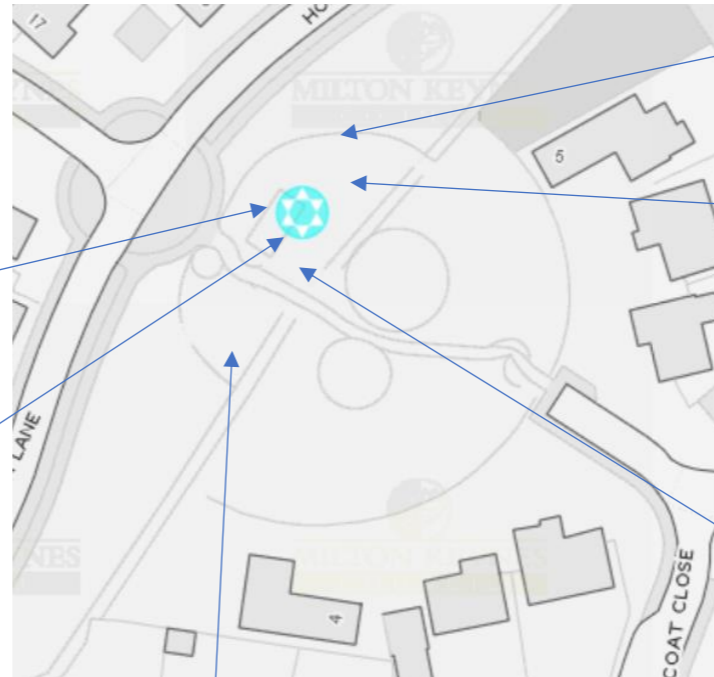

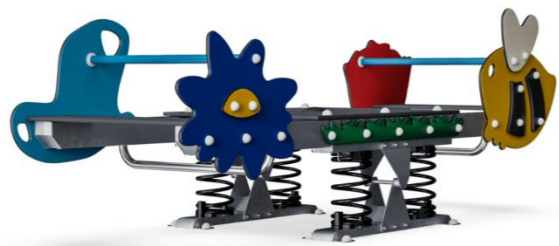

Metal estate fence to enclose play area with gate. Chosen to fit with a semi-rural feel and in keeping with the fence around the Glastonbury Thorn

Swings for all ages and abilities – Builds confidence and cooperation

Seesaw encourages cooperative play and seating for younger children

Old Equipment, fence and surface to be removed and put back to grass

Physical: Social-emotional: cooperation

Cast metal ends to reinforce traditional feel and longevity
